

Home injury can be a devastating event causing serious harm and loss of independence, while creating a tremendous financial burden.

1 out of every 3 people over 65 fall each year. As a result, 20% of those people end up in nursing homes.

Many serious home injuries could easily be avoided by installing simple safety devices like grab rails and non-slip surface strips.

Our Objectives

We conduct home safety assessments then try to eliminate unsafe living conditions for seniors by making minor repairs or safety-related improvements such as:

- Tub or shower stall grab rails
- Hall, room or stairstep railings
- Smoke detectors
- Shower benches
- Hand held shower fixtures
- Walkers

These services may be provided at no cost.

Support for these services is provided by the Older Americans Act through DRCOG, Physicians Choice, The Colorado Trust and Horizon Home Care

Who Is Eligible?

People over the age of 60 are eligible.

Counties served include:

Adams County
Arapahoe County
Broomfield County
Clear Creek County
Denver County
Douglas County
Gilpin County
Jefferson County

This **Home Injury Control Program** is designed to serve individuals with the greatest social and economic needs. We encourage participation of the frail and elderly, minorities and those with low income.

Our goal is to keep seniors safe and independent in their own homes.

Is There A Cost?

While there is no cost for this program, each client will receive information regarding the actual cost of providing services and may make a voluntary donation.

All contributions that we receive are returned to the Program to help serve additional clients.

This program must be the payor of last resort. Therefore, any insurance must be utilized first.

A minimum of one month is needed for services to be completed.
